# Other EASE Products

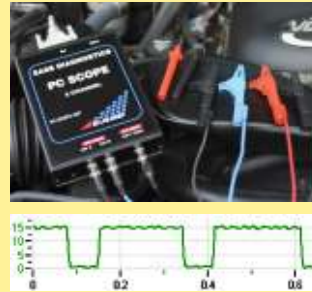

## Go Wireless with EASE!!

► **ITEM: Any PC Scan Tool Package can be ordered with a Wireless Vehicle Interface**  
Imagine the productivity and cost savings you can realize by using the latest in wireless diagnostics technology. Diagnose problems from across the bay or even outside your shop. Work comfortably inside - leave bad weather outside on hot, cold, snowy or rainy days!! The efficiency of WIRELESS TECHNOLOGY combined with the EASE PC SCAN TOOL means faster repairs and extra profits \$\$\$ for you!

## Data Logging

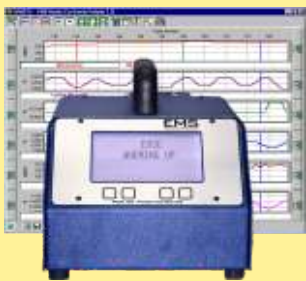

► **ITEM: DL12-1M**  
Every shop owner has a story about a thorny intermittent problem they couldn't duplicate in their shop. The EASE Data Logger gives you the ability to EASILY diagnose those problem vehicles that can mean lost money and unhappy customers. Plug the Data Logger into your customer's car and have them take the car for a ride. EASY to use marker buttons let your customer mark the recording when the problem happens - allowing you to analyze the recorded data BEFORE, DURING, and AFTER the problem. Happy customers mean extra profits for you.

## PC Scope

► **ITEM: PC-SCOPE-23P-KIT**  
Turn your PC into a powerful, high resolution oscilloscope with the EASE PC Scope. Combine this with the EASE PC Scan Tool to create the ultimate diagnostic workstation. This exclusive EASE software was designed with the automotive technician in mind. Our unique, automotive specific features make it the most powerful and useful Automotive Scope around. It even contains an extensive Waveform Library allowing comparisons between known "good" waveforms and your live data. Automotive Diagnostics made EASY - from EASE Diagnostics.

## Analyze Exhaust Gas

► **ITEM: GAS-5000-KIT**  
One of the most under utilized tools in a shop's diagnostic arsenal is the EXHAUST GAS ANALYZER. When equipped with our exclusive software, the EASE EXHAUST GAS ANALYZER can be used to look at live data parameters graphically, in grid format or as meters. BAR 97 accuracy gives exact readings of measured gas data to perform driveability testing and repair verification. When used in conjunction with the EASE PC Scan Tool and the EASE PC Scope, the diagnostician is ready to take on even the most challenging driveability problems.

## Reflash Vehicles

► **ITEM: J2534-ON-KIT**  
FLASH REPROGRAMMING is an important part of repair on most 1996 and newer cars and EASE is once again in the forefront with affordable and powerful equipment for FLASH REPROGRAMMING. Our Universal Reprogrammer for GM, Ford, Chrysler and Toyota gives the repair shop the opportunity to reprogram a customer's vehicle - using the SAME REPROGRAMMING DATA that is available to the dealerships. Don't miss out on this lucrative, profitable, and quickly growing market. Start FLASHING today with EASE!
